

Why Choose Us

At Innovative Senior Solutions, we are dedicated to helping individuals achieve the highest possible quality of life and connection to others, through homelike adult day care services, personal care homes, and safe, reliable transportation.

We recognize that each person is unique, and deserves the opportunity to experience the life he or she desires, in an environment that is safe, comfortable and enriching. Caring for others is the calling of each and every care professional who is part of our team. Our partners and professionals are experienced and dedicated to providing the highest level of care to the older and disabled adults we have the honor of serving.

Our Story

Founded by two sisters who are both registered nurses and lifelong Georgia residents, we offer award-winning, innovative approaches to care for seniors and adults with disabilities through our adult day care centers, personal care homes, and transportation services. We believe in using our expertise and experience to improve the lives of older and disabled adults, and to offer guidance and support to those who want to do the same.

From starting with one facility, to now offering services in multiple locations throughout Georgia and beyond, Innovative Senior Solutions both owns and operates care facilities, as well as partners with others who are equally invested in serving the older and disabled adult communities to provide excellence and innovation in care.

Innovative Senior Solutions

Transforming the
Senior Care Experience

Adult Day Care

If you want to help a senior loved one stay active and get some relief for yourself as a family caregiver, our adult day care centers provide an opportunity for seniors and adults with special needs to socialize, engage in enjoyable and meaningful activities, and receive healthy meals and transportation.

Some of the many services available include:

- Personal care services
- Medication management
- Nursing care and supervision
- Recovery care after an illness or hospital stay
- Memory enhancement programs
- Fun activities and games
- Salon services
- Community outings
- Weekend and respite care to give family caregivers a break
- And so much more

We accept seniors and adults with special needs who are enrolled in the Structured Family Caregiving program. All Medicaid and VA waivers are also accepted.

Transportation Services

We offer safe, reliable transportation services for our adult day care center guests. Our drivers have all passed courses in defensive driving and wheelchair lift training, are fully background checked, and have clear driving records and drug tests.

Transforming the Senior Care Experience

Personal Care Homes

When considering a move to a care environment, our personal care homes are the ideal solution. We provide personal space, homestyle meals, comfortable living and outdoor areas, and socialization, combined with around-the-clock care and supervision. Personal care home clients can also engage in our adult day care center programs.

Partner Care Homes

We're pleased to partner with other trusted professionals who are running small, six-person or less, residential personal care homes, nestled into communities throughout Georgia. As an approved provider, we assess and assure Medicaid compliance for our partner care homes.
